

# PEI BRICK CO.

EXCELLENCE IN MANUFACTURING

## Innovation in Stone Veneer Manufacturing

# Stone Veneer

- PEI Brick Company offers a variety of manufactured stone veneer. Architectural stone veneer can be used to greatly enhance the look and feel of a project. Our products are crafted with pride and precision. Our product captures the natural elegance and beauty of a genuine stone. PEI Brick Company offers the widest selection of profiles and colors. With the manufacturing facility based in Crapaud, short lead times and competitive pricing,
- Our Products are embedded with Recycled expanded glass giving it benefits of Lighter weight, Strength, Thermal insulation, Sounds absorption and Many Ecological benefits
- Our Easy Installation Screw on Technology will not only enhance your project, it will cut your labor cost and make sure every project is consistent.

# Why Choose Us?

- Our Products are made with the highest Canadian Standards (CSA) and attention to details
- Our light weight Poraver expanded glass technology makes our panels light and easy to ship.
- No mortar needed | Screw on panels | Interlocking design to hide the screws
- Lower installation cost than the traditional mortar on product
- Lower panel cost (20% lower than competition)
- Environmentally Friendly, made from recycled glass (conserving natural resources)
- Made locally on PEI (Eliminating importing and Carbon foot print)
- Nontoxic, non-reactive (inert), odor-neutral, free of harmful materials
- can contribute valuable points to LEED-certified projects. Make your project LEED compliant
- Improve thermal insulation - 1.5 R value
- Absorbs sounds and thus increase the acoustic efficacy.
